## AGT-32 Teromea

You too

Very useful

"Chew"

"CHEW"

"chew"

Which is to say  
that it can very  
simply fix  
other machines

That's why the  
townpeople  
think it's the  
town's treasure

But, Thomas  
suddenly  
malfunctioned and  
made a havoc

Rating all the cars,  
hovercrafts, airships,  
etc in town.....

But father tried  
his best to protect

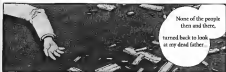

El...

The angry towns'  
people wanted to  
destroy Tiresias

As compensation  
for their lost  
properties...

but finally, Tiresias  
was still dismantled  
and each townsman took  
some expensive compensation

None of the people  
then and there,  
turned back to look  
at my dead father...

I'm called  
Eral.

I'm sorry  
for being  
mad at you earlier.

Eral?  
What are you doing  
there?!

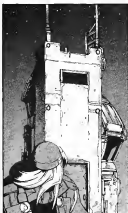

Oh  
no

That's my freedom!  
I'm only taking back  
my father's legacy!

I'm alright  
That's the last  
component...

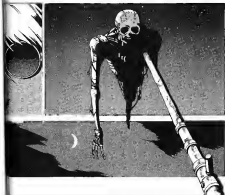

Hehe heh!  
You can't  
get rid of me  
that easily!

Because my  
Brain is inside  
your Body!

I can be  
resurrected  
anytime!

What do you  
want?

heheheh  
heheheh  
!

Did you  
forget that  
girl's name?

I have only  
a mouth and  
a stomach.  
I can't move  
without you.

Heheheheh  
hahahaha!

The lure  
for this trap  
!

Eni....  
**LURE!**

If I don't con you,  
you'd never have  
con me!

Are you  
happy?

This was  
all just a  
story I  
wrote,  
the town,  
the people

Sorry,  
I'm not a  
two-

Objective

Don't worry,  
after I've reached  
my objective,  
I'll leave willingly

\*peep\*!

That's right,  
LEON.

I am  
Back.

The job from 12  
years ago.  
You shouldn't happen  
to forget it?

But you still  
have an unfinished  
job.....

I know  
The world's  
greatest  
explorer.....

But Stella  
is still  
alive...

What's  
the  
deal?

Someone  
hired you  
to kill Stella  
!!

maybe it was  
a dream...  
an illusion...

So that's  
it...

That's just  
what this is...

Hehehe!  
Bolt, you still  
haven't answer  
me yet!

What?

By the way, I'm  
your new  
"companion".  
I hope that we  
can be good  
comrades.

What a  
disturbance.

We were  
both hired  
by the same  
Men.

What?

Are  
You  
Happy  
?

Villagers  
losing their  
mind,  
turning savage

strange  
occurrences  
began a year  
ago.

There's a small  
town 3 kilometers  
North of here,  
called Sandali,

The cause is  
unclear, but  
it can be seen  
that...

There's not  
one same  
person there

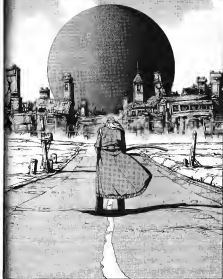

Mr.  
Bob  
Crack.

I want you  
to find out  
what that  
does is

it's related to the  
SHIELD, which  
suddenly appeared  
in town

## ACT-33 Shell

huh...

You should  
know about  
the orders the  
General will give  
out tonight!

Why send an  
explorer to  
Sandals...

Did someone  
permitted  
you to enter?

You are...  
I apologize,  
sir!

Yes?

GET  
OUT  
!!

Oh,  
so that's  
what

His wife and daughter  
lived in Sandals...

You can't  
blame  
him...

I am not  
acquainted  
with you.

Don't  
pretend  
anymore.  
I know  
every-  
thing.

So you  
HAVE been  
chasing  
Stella  
around!

Ho-ho, Belt,  
you're so  
cold!

I really  
should  
compliment  
you

You are the  
one that  
interfered  
with  
Stella's  
PLAN!

You call turning  
humans into  
machines perfect  
?

And my  
Family...  
will be there  
forever!

Of course! After  
humans are robotized,  
they can live forever!

Then Man will never die,  
never be extinct!

Sandali's citizens were  
happy too,  
no need for any fee,  
and they can attain  
immortality!

But during the memory  
transition process,

YOU destroy the main  
computer?

Everything  
was normal  
afterwards.

But a year ago...

Die  
there!

This is  
all because  
of you!

Leon  
Field  
!

Because the General is  
too useless!

He had just ordered  
for a missile attack  
on Sandals!

As  
best  
HOME  
!!

Let me tell you  
one last thing...  
That Skill is  
actually what  
Stella created

12 years  
...

The world's  
greatest  
mercenary.  
You look ugly doing  
like this!

Planning to  
stone  
for this?

Are you  
feeling  
remorse?

Heal!

Locked  
on!

Targeting  
Sundell

This is all  
my fault  
now!!

I'm so sorry...  
Lisa...  
Lisa...

Whah  
ahh  
!!

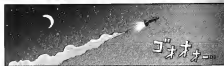

Eh!!

What is that...

RESEARCHER

トコ

Teromea,  
see my  
power,  
baby!!

Daddy!  
Come here,  
Daddy!

There have to  
be a lot of robotized  
humans!

You  
Trash!  
Later!

Stella's Plan  
can't possible  
just consist of  
that small town!

oh...

Then hurry  
up and go  
kill Stella!

If you want to  
help those  
humans get  
back their  
bodies,

Or  
Else

...

Omoshiroi...  
You're an  
interesting  
chap!

**ACT-34 Second Plan**

I want  
to help

that  
girl

Using a  
little girl  
to steal,

and never  
goes to work

That woman  
called Stella  
must be bad.

After all this  
talking, just  
Where is Stella  
?

Even though...  
I don't even  
know her name...

Let's  
Destroy  
that building  
— along  
with her!

Hohe!   
It suits her!

This type  
of part  
is useless.

I'll just  
use this girl's  
component

But you don't  
have to worry  
I will still complete  
you.

But...

My alone

is enough.

I can't  
even  
sleep...

This is  
just amazing

I don't even know  
her name, yet I'm  
always thinking of  
her...

Wah!

eh?

I'm just  
something that  
Master owns.

Don't  
look at  
me...

you...

I can give it  
to you if  
you want,

it is just a  
robot after  
all.

it doesn't  
matter if  
she's an  
android...!

How sad,  
How does it  
feel to find  
out that the  
one you love  
is an android?

How can  
you do something  
so cruel!

I won't  
forgive  
you!!

Leon

...!?

Just try,  
and that boy's  
life is forfeit.

This is the  
greeting  
after 12  
years!

But no matter,  
because you'll  
love me soon...

I didn't think  
that you would  
hate me this  
much...

I only need to  
use the robot,  
to execute my second plan

In love with  
a human ..

How can  
you forget  
that I'm  
your parent!

You deserve to  
die!

Feel better  
now?  
Hahahaha!

Look...  
you...

Is it 'cause  
you're getting  
old?

I don't interfere  
and it gets to  
this...

I'm  
Teromea  
!

Look  
again!

very well  
indeed

Haha!  
I think I  
did quite  
well!

Hahaha  
hahaha!

Haha!

Little bro,  
you're quite  
the romantic!

Haha! That's  
my freedom!

Don't ever  
come out  
of my mouth  
again

Don't you  
just hate  
good deeds?

Soul feels  
weird...

I'm the one  
who let that  
girl live again.

Not YOU!

Heel!

Didn't I say that  
you can't save  
everyone!

**ACT-35 CoOperation**

MaxiP

I still cannot  
confirm that  
the guy is  
Maxi.....

He's the man  
that disrupted  
my research!

Two years ago.....  
He used a grenade  
launcher and  
obliterated my  
body!

Even Miss  
Stella...

Besides, he seems  
to harbor all  
intentions toward  
Miss Stella...

This  
chance  
—  
I have  
to kill  
him!

So she went  
into hiding!

Hah!

How is Stella?

Speak!  
Where is she  
hiding?

You want  
to see me  
nude?

Not  
really

Perhaps

Is this thing  
a camera?

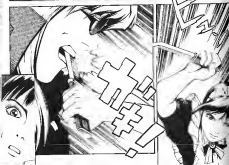

Is that so?

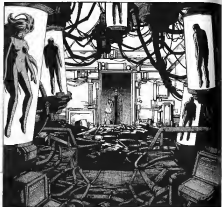

You can't get  
enough satisfaction  
through cameras...

and it isn't  
good for the  
body!

That's not  
important.

You're here  
because you  
want to kill  
Stella, aren't?

That's  
right.

Her creation  
turns the whole  
world into machines.

It is the greatest!!

Why?

Miss Stella is a  
godlike!

That's your  
business.

Because I'm  
not a god!!

But, I've always  
failed.....

I am the same as  
Miss Stella, I want  
to turn all the humans  
in the world into robots

Do you know  
why?

\*Originally, both "goddess" and "god" used  
were thought to be "Godd" with a big G!

Is Stella here  
or not?

Hay!  
Old guy!

Bastard!

"Bastard"

Teasing me off  
is useless!  
How many times  
do I have to tell  
you before you  
understand!

I haven't seen  
her...

All I know  
about Stella

is that someone  
wants to interfere  
with her grand  
scheme...

eh?

and fulfill it  
for her.....

Her grand design!!

I'm willing to  
accept Miss  
Stella's plan.

What?!

So you're saying  
you're just  
a copycat?

"copy"

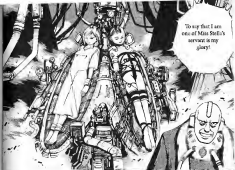

Stella-sama  
is the goddess  
of science!!

This is the  
grand attainment  
of science!!

You're  
wrong!!

To say that I am  
one of Miss Stella's  
servant is my  
glory!

This time,  
I'm certain to  
reshape a human  
into machine perfectly!

It must  
succeed!

Winch  
closely!  
I shall become  
a god Thought!

True

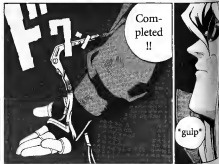

A pity that  
this isn't your  
job this time!

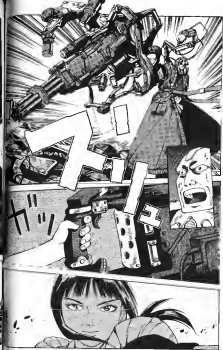

Oh—  
it's the restaurant  
owner's daughter!

It's really my Glory  
to be mistaken for  
the 'World's Greatest  
Mercenary'!

Can it  
be?

MASTER!

Maxil  
!!

You  
are  
indeed...

He was originally  
an android built by Stella...  
but because he's a little  
crazy, he was abandoned.

It can't be helped.  
I couldn't just bring  
My grenade launcher  
in!

Well, because of  
your help,  
I finished my  
job!

Actually,  
it is quite sad,  
he's so pitiful

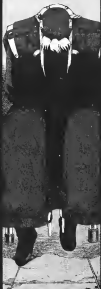

Hoo!  
What a  
joker!

# ACT-36 HELP

You have  
the wrong  
man.

Do you admit Bolt Crank  
that you did them?  
You're the  
prime suspect of  
several serial  
murders.

Maybe...  
because there  
were no witnesses.

now, "the director" instead of "the deputy," because of

Do you need  
a lie detector  
test?

Perhaps  
someone else  
used your name  
to commit the  
crimes.

What? Huh??  
If you wanna kill  
our way outta here,  
just ask!

Huh.

No need for  
a trial, how  
quick and  
easy!

I already  
said

I'll help  
you!

I'm the wrong  
person

And the warren said  
that some monster  
grew outta his  
shoulder.....

That  
I didn't  
know

That guy  
broke out  
of prison  
!!

I didn't  
know!

I really didn't!

You should've  
known he  
planned to  
escape, right!

Is that  
guy a  
psy-  
co, huh?

Up till now,  
you were the  
best.....

A psy

You should  
know without  
me saying  
what kind of  
punishment  
awaits you!

Back!

You love  
Stella,  
not me

I understand  
You won't  
come back  
again

!?

I'm going out.

Good  
Bye

No matter,  
I've lied  
too

Lies are  
useless to  
you.

This used to be  
a place where  
ESPers were  
researched and  
created

.....

destroying  
the brain

the ship will  
be activated  
by the microwave  
sent from the  
towers.

If they don't  
follow the  
orders of humans  
and or tries to

escape.

Where new prisoners  
were made, logic  
crystals were implanted  
into their brains.

That's why I  
didn't hand  
you over to  
the police

You still  
possess  
enormous  
power

Even if  
you don't  
have the  
chip in  
your head,

Stella?

Go,  
Stella's calling for  
you

I really wanted  
to help you

Just at least  
it was real  
at first....

Don't hesitate,  
my love for you  
is false....

There you,  
I can hear  
her voice

She needs  
you

Humans created us  
for pleasure

Humans created us for our pleasure

Whether it's male or female,  
all pos-um are for their pleasure ...

Postal 2

For their pleasure

Even if we  
cried until  
there's no more  
tears,

no-one would  
understand

And to survive,  
we have to  
obey...

Shadow!

!

Prepare to start!  
Let all the other  
ESPers come  
watch!

Shadow!

Shadow!

I can't...  
body  
paralyzed...

Move!  
Raa!

You were  
the most  
perfect  
partner

A pity,  
Milla

right...

.....

Urr...

Shadow

!!

No!  
No!

Milla  
and

That at least  
it was real  
at first.....

My love for  
you is fake

What  
wasn't real  
for me.....

That at least  
it was REAL  
at first.....

WINTER

THE LAST  
WINTER

W H O . . . ! ?

19

What's the matter.....

OKAY

Who?!

Anyone will do!!  
Please help  
Millal!!

The Fee is  
5 Billion.

Am I the one...  
who heard you

## ACT-37 HACKER

This is the  
so-called  
genius Hacker

She can invade into  
all the networks  
in every country  
in the world.  
she has the skills to  
crack any firewall  
and protection

Everything has all  
the data to this  
corporation...

Everything is  
just in the  
rebellious  
phase,

I'm an explorer,  
not the police.

The daughter  
of the president  
of C&R Co  
is a hacker.

I can't let the  
media know  
that.

Because she's  
my most beloved  
daughter.

You must be  
careful,  
because there're  
too many who'd  
want our company  
data.

The fee  
this time  
is...  
10 Million.

While looking  
for Thyphoea,  
I also hope that  
you'd take note  
of Stella and her helper.

Especially beware  
of a woman called  
Stella.

According to  
our info,  
Stella has already hired  
her own mercenary  
to catch Thyphoea.

How conveniently  
easy!

Get out  
of the way!

Hurry and find  
Stella and kill  
her!  
Then we can  
go celebrate  
with a drink!

Don't kill  
the explorer  
hired by  
Stella!  
Let him lead  
us to her!

"GODDAMN!"

"GODDAMN!"

A familiar gunshot.

Looks like the  
burden of being  
"the World's Best"  
is quite heavy...

I'll win  
this time!

heheheheheh!  
His burden...  
are you talking about  
me, Tarmaa?!

"DONG!"

Don't waste  
time!  
Get to work!

What is  
that?

ARASHI!  
Let me  
Go!

"kack"

Did that  
also become  
funny stuff?

Is that an  
incident?

Hey...  
that's my  
tool!

Hard...  
Foolish explosion

??

That person  
isn't my  
sister!

For our agreement,  
I've brought you  
that corporation ~~that~~ sister  
based an explorer  
as well

This child is one  
of the best hackers

She's an important  
asset to my  
"Second Plan"

Stella  
What's the  
meaning of that?

Then it's the  
intrusion into  
the center of the  
world network.

First is the  
data transfer of  
the Second Plan  
into your head.

work at  
once.

Come,

The data transfer  
will require two  
days, after it is finished,  
you'll be freed.

Second .  
Plan?

You heard me to  
"bring back  
your sister"

Can  
mammaries  
point their  
guns to the  
one who fired  
them?

Wait,  
this is  
different  
than what  
was said  
before.

That's the  
way of true  
explorers!

You have to  
finish the job  
once you accepted  
it.

I also hired  
you to  
"Scoop" C&D  
corp.

That depends  
on the  
job content.

You still haven't  
stopped C&D  
dead yet!

If you understand,  
then go finish  
your job!

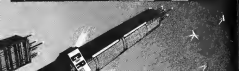

that's already  
a big failure  
and mistake!

You didn't  
finish within  
the expected  
time.

Shit!

Hey, are  
you  
listening?

And you made  
me miss the  
chance for  
some beer!

To use me as a  
shield, you sure  
are fearless!

Don't waste time  
here!  
Go after Stella!

Even though I've  
done some bad  
things.....  
But that's all for them

That's it  
Now!!

Cheating is  
my specialization

And operate on  
their brain,  
turning them into  
direct interfaced  
hackers.....

They  
kidnap  
children

Too much data  
on my  
head.....

Please  
help me  
take this  
off?

ah?

That's why I....  
stole that  
company's data.  
I wanted to go to  
the police.....

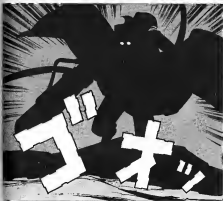

Hard  
!!

My baby!

What do  
you plan  
to do?

Leon

!

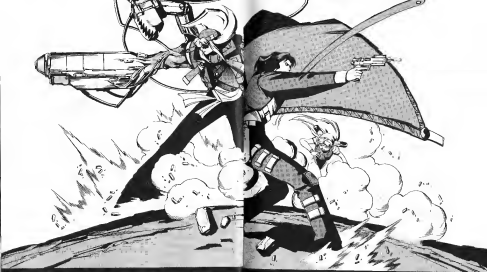

Damn him!  
What... is  
Bolt doing?

Don't mind him.

Nonsense!

What's with this excavator?

But, it doesn't look like you or I would have any money.

Oh yes, Bob...

Long time no see, you go for a drink.

If we have this, then we'd have money.

"Gup".... My mail.

"zoom"!

# (EATMAN) EPILOGUE

AKIHITO YOSHITOMI VOL. 10

What's Going On?

(EATMAN)

Volume 10 is up

What do you think  
of it? I generally  
really like Torama.  
How's the progress  
on the LBN  
story are we? I  
will continue  
to plan the story  
carefully.

I'll think the  
focus of the story  
next volume, pls  
drink a cup of tea  
or wine when you're  
reading.

A YOSHITOMI

Secret 21

All my previous works are supporting  
as short volume collections, those works have  
a style-completely different than EATMAN,  
so everyone should be surprised  
Experienced readers can try finding it in the bookstores.  
I think they should be quite a few stacked up.

The design on the epilogue page this time was by the producer of the EATMAN anime, I thank you.  
Please think up some new ideas for EATMAN, but before that, let us have a satisfying meal together.
